100.1 Approval

UCAT Board of Trustees approval: April 6, 2005. Revised: April 1, 2009; June 18, 2009; September 22, 2011; June 8, 2016.

100.2 Mission

The mission of the Utah College of Applied Technology (UCAT) is to meet the needs of Utah's employers for technically-skilled workers and to promote local and statewide economic development by providing market-driven technical education to secondary and adult students.

100.3 Vision

The Utah College of Applied Technology will be recognized as a world-class provider of technically skilled workers needed for the 21st century workforce.

100.4 Guiding Principles

Through its applied technology colleges, UCAT prepares students to enter, re-enter, upgrade, or advance in the workplace, which contributes to economic development and improves the quality of life for Utah citizens. The UCAT mission is accomplished through competency-based education and training programs, which may be long-term, short-term, apprenticeship, or custom-designed for individual employer needs. Most of the programs are offered in a flexible, open-entry/open-exit format.
