F. College Presidents Compensation

Trustee Jensen stated that the Compensation Committee was authorized to recommend adjustments for Presidents' salaries up to midpoint of market range and adjustments equal to the amount funded by Legislature for those already at midpoint. Anything beyond that scope needs to be approved by the Board. Each campus Board was asked to provide recommendations for adjustments. Trustee Jensen indicate recommendations are not associated with the performance evaluation process, just general compensation and retention. The Committee accepted and authorized all local Board recommended increases except DATC President Bouwhuis of 9.7% (top of his market range), and the Compensation Committee is recommending a 5% increase for MATC President Christensen's salary (moves him slightly above midpoint). Recommendations were based upon tenure in position. Commission Woolstenhulme noted the goal is to get all Presidents to midpoint by year 5-6, which is consistent with USHE's practices

Motion to approve the recommendations proposed in Item F for President's salaries.

Motion: Mike Angus, Second: Mike Jensen

There is a Trax stop directly across from the building, and parking will be available in the Wells Fargo Building parking structure. A contract is being drafted and should be available soon for review by the Board. The current facility will be transferred to the Mountainland Applied Technology College, and discussion is taking place regarding the Northstar team transitioning under UTEN for oversight and location of operation. The new location will be more cost effective and efficient for collaboration and daily meeting demands in the Salt Lake area.

Motion: No action item at this date, pending contract. Comfort vote demonstrated consensus to move forward.

O. Utah System of Technical Colleges Logo

Commissioner Woolstenhulme reported with the implementation of SB238, each of the colleges are implementing new logo designs and branding marks. The goal for the System branding is to create a professional look that allows statewide recognition but does not take away from the individual colleges' designs. The acronym proposed is "UTECH," and each college would utilize the acronym in their name (BTech, Davis Tech, Dixie Tech, UB Tech, Southwest Tech, MTech, Ogden-Weber Tech College, Tooele Technology College). Color scheme proposed for the System will be blue, black and gun metal. Wordmark designs were presented to the Board. III. Information Items

R. Audit Committee Report

Audit Committee Chair, Dale Cox, indicated all campuses received clean audits, and 2 colleges received one finding each (MATC and TATC). Commissioner Brinkerhoff explained the 2 findings were the least severe of findings, and both have completed steps of remedy. MATC Vice President of Finance, Kirt Michaelis, indicated their finding involved a Pell refund that was not remitted to a student on time. They have implemented a process to correct the process. TATC Vice President of Finance, Kent Thygerson stated their finding was symptomatic of having a small staff size and his involvement in daily transactions and review process. Duties have been reallocated to additional employees outside of the Finance Department, and they will be hiring an additional Accounting Clerk to segregate duties. The TATC also initiated a Risk Controls Assessment which identified a few process changes that could be implemented to ensure effective systems are in place to meet high standards. Audit Committee Chair, Dale Cox, suggested each other the other college's Finance VP provide a similar report in the September meeting. Commissioner indicated Assistant Commissioner Brinkerhoff can also put together a template to assist the Finance VPs in preparing the same information for the presentation to the Board. Assistant Commissioner Brinkerhoff noted that it is very commendable that among the 8 college audits, there were only 2 relatively minor findings.

S. OWATC President Search Update

Trustee Moore indicated 7 candidates will be interviewed for the first round of interviews, and up to 4 candidates will be forwarded for final interviews, which will be completed by the Board of Trustees and OWATC Board of Directors the second or third week in June.
